Fullstack Developer with hands-on experience in enterprise application development, specializing in healthcare systems, REST API development, Backend for Frontend (BFF), and system migration. Experienced in developing REST APIs, BFFs, migration systems, frontend-backend integration, and application development using Angular, .NET Web API, SQL Server, and Azure DevOps.

Professional Experience

BPJS Kesehatan – Jakarta Dec 2025 – Sep 2026

National Health Insurance Administration

Fullstack Developer

- Developed REST APIs, Stored Procedures, and SQL scripts for enterprise healthcare applications.
- Built and integrated Backend for Frontend (BFF) services to support Angular applications.
- Migrated legacy ASP.NET MVC modules into modern BFF architecture.

Frontend Developer

- Developed dynamic Angular components and reusable UI modules.
- Implemented dependent dropdowns, validation warnings, and business rule enforcement.
- Developed monitoring dashboard with Excel export functionality.
- Improved user experience by preventing invalid operations such as unauthorized SEP deletion.

PT Astra Graphia Information Technology – Tangerang Jan – Jul 2025

IT Services Provider

Developer Intern

- Implemented CI/CD pipelines using Azure DevOps to accelerate application development and deployment.
- Developed a Golf Tournament Management Information System for PT XYZ, speeding up tournament processes by up to 80%.

Education

D3 Informatics Management - Politeknik Astra – Cikarang Sep 2022 – Oct 2025

Project

VESTA Feb – Sep 2026

- Migrated healthcare claim system from legacy platform into VESTA architecture.
- Developed REST APIs, Stored Procedures, Angular modules, and BFF services.
- Implemented frontend validation, monitoring dashboard, and backend integration.

VClaim Dec 2025 – Feb 2026

- Developed health insurance claim validation features.
- Implemented Accident Status, SEP Warning, KKPAK Monitoring, and Delete Protection.
- Integrated frontend with REST API and SQL Server backend.

Halo Golf Club Mar – Jul 2025

- Developed fullstack web application using Next.js, PostgreSQL, Docker, Prisma ORM.
- Built tournament registration, pairing generation, live scoring, leaderboard, and scorecard modules.
- Designed responsive UI and optimized database performance.

Certifications & Training

-
- Postman API Beginner, Postman, Mei 2026, [View Certificate](#)
 - SQL (Intermediate), HackerRank, Mei 2026, [View Certificate](#)
 - Javascript Intermediate, Sololearn, Mei 2026, [View Certificate](#)
 - SQL (Basic), HackerRank, Mar 2026, [View Certificate](#)
 - Web Development, Sololearn, Mar 2026, [View Certificate](#)
 - Microsoft 356 Fundamentals, Microsoft, Juli 2025, [View Certificate](#)
 - MikroTik Certified Network Associate, MikroTik, Juli 2025, [View Certificate](#)
 - C# (Basic), HackerRank, Januari 2025, [View Certificate](#)
 - Problem Solving (Basic), HackerRank, Januari 2025, [View Certificate](#)

Skill

- **Programming Languages:** JavaScript, TypeScript, C#, Java, SQL
- **Frontend & Frameworks:** Angular, React, Next.js, Laravel, Spring Boot, Bootstrap, Tailwind CSS
- **Backend & API:** .NET Web API, ASP.NET MVC, REST API, Backend for Frontend (BFF)
- **Databases:** SQL Server, Oracle, PostgreSQL, MySQL
- **DevOps:** Git, Azure DevOps, Docker, phpMyAdmin, GitLab, Bitbucket
- **Tools:** Trello, Visual Studio, VS Code, Postman, SSMS, Android Studio
- **Soft Skills:** Problem Solving, Teamwork, Adaptability, Time Management
- **Languages:** Indonesian (Native), English (Professional Working Proficiency), Japanese(N4)
